

SWIMSUIT BONANZA

# SHOCKWAVE 29' MAGNITUDE

*Dawn patrol* is surfer slang for "the first guy into the water at sunup." Nick and Jennifer Freck of Huntington Beach are surfers, and also the owners of the beautiful 29' Magnitude they call *Dawn Patrol*, powered by a pair of 496 HOs. The Frecks came up with the color and graphics design, and Shockwave made it happen. The boat features Autometer gauges, Eddie Marine controls and hardware, and Keikhaefer trim tabs with mechanical indicators. Top speed of this bad boy is 82 mph.
